

IntraHoof-fit

ECO TAPE

Have you met the world's most eco-friendly hoof bandage?

INTRA ECO TAPE: FUTURE PROOF FOR PLANET AND ANIMAL

Annually, no less than 15 million synthetic hoof bandages are used on lame cows by hoof trimmers, professional livestock farmers and veterinarians worldwide. These non-degradable hoof tapes (approx. 7 km²), end up in our environment in waste containers, manure pits or on the field. Intra Eco Tape, the new degradable tape preserves its original properties such as a good stretchability, easy-tear and great adhesive properties.

6 REASONS TO CHOOSE INTRA ECO TAPE

- ✓ Biodegradable
- ✓ Good stretchability, easy-tear and great adhesive properties
- ✓ Soft fit
- ✓ Apply up to 4 hooves with 1 roll
- ✓ Ecologically packed without plastics
- ✓ No chemical coloring

Works **OPTIMALLY** with Intra Hoof-fit Gel. Remove Intra Eco Tape after 3-4 days.

Up to **4 HOOVES** in one roll

For a better **ENVIRONMENT**

LET'S CONTRIBUTE TO A HEALTHY FUTURE FOR PLANET AND ANIMAL 

The **Intra Hoof & Skin Care Program** includes products to apply individually as well as products for full herd maintenance. This green concept is **farmers' first choice!**

12x12 ROLLS

12 BANDAGES PER DISPLAY BOX | 12 BOXES PER CARTON

ENVIRONMENTAL FRIENDLY

No synthetic rolls in the manure pit, so fewer problems for the farmer with the manure mixer, the slurry injectors and on the field.

DEGRADABILITY

DEGREE OF DEGRADATION IN 4 WEEKS
