

SELENIUM & VITAMINS A, B₁₂, D & E

DOSING HAS NEVER BEEN EASIER

Vitaferst-Care™

is a convenient oral supplement designed to address the neonatal nutritional needs of calves, lambs and goat kids.

Most production animals' nutrient levels are normal at birth but can be rapidly depleted during the neonatal period. This can limit their potential. That's why supplements are often required when milk is the sole source of nutrients.

One Oral Dose instead of multiple needles

Draw off cap and oral syringe included with every bottle

Vitaferst-Care's Oral Formulation Includes:

Selenium

to promote growth

Vitamin A

for promoting neonatal immunity

Vitamin D

to support growth and metabolism

Vitamin E

to stimulate the immune system

Vitamin B₁₂

for cell growth and support of the immune system

Give your livestock the best start possible with Vitaferst-Care™
