

# Thrive! milk supplement

Calf supplement for herd replacement calves fed whole milk

Research proven to help improve calf performance in 4 ways:

- ◆ Reduce Scours
- ◆ Improve frame growth
- ◆ Improve ADG
- ◆ Improve feed efficiency

Thrive! is a milk based formula that mixes easily with whole milk and contains our unique fatty acid lipid technology designed to enhance the immune system using nutrients that are natural to the calf.

Simply add 25 grams of Thrive! milk supplement to whole milk once per day per calf to achieve improved growth and overall health of your herd.

Thrive! can also be added to colostrum to provide health benefits right from the start as Omega 3 does not pass through the placenta to the calf.

Item	Milk	Milk + Thrive!	Effect of Thrive!
Intake lb dry matter/day			
0 - 6 weeks	1.05	1.10	-
ADG, lb/day			
0 - 6 weeks	0.731	0.837	$P < 0.05$
6 - 8 weeks	1.667	1.808	$P > 0.05$
0 - 8 weeks	0.965	1.079	$P > 0.05$
Hip width change in inches			
0 - 8 weeks	1.1	1.3	$P > 0.05$
Scour days			
0 - 8 weeks	8.7	6.4	$P > 0.05$
